REGULATIONS FOR 1855.

ARRANGEMENTS FOR THE FAIR.

Any person can become a member of the Society for one year by the payment of one dollar into its treasury.

All the members of the Society whose dues are paid, and all who shall become members previous to or at the Fair, will be furnished with cards of membership.

Cards of membership will be furnished by the Secretary at his office in Harrisburg, at any time after the first of September, and by the Treasurer at his office on the Fair grounds during the Exhibition.

Single tickets for one admittance, price 25 cents, will be ready at the Treasurer's office on the grounds on Tuesday morning, the 25th of September.

Members will be allowed to enter the grounds in carriages, with their families; but no hacks or other public conveyances will be permitted to enter.

Special Attention is Desired from Exhibitors.

The days selected for the Fair are *Tuesday, Wednesday, Thursday and Friday*, the 25th, 26th, 27th and 28th days of September.

Exhibitors must become members of the Society, and have their articles and animals entered on the Secretary's book, on or before *Tuesday evening*, the 27th; and all articles and animals, except *horses*, must be brought within the enclosure as early as

Tuesday noon, in order that they may be suitably arranged for examination by the Judges on Wednesday morning. Horses will be received early on Wednesday morning, but must be entered previously.

The Executive Committee do not intend to assure any exhibitor, who *neglects* these requirements, that his articles can be passed upon by the Judges. While every effort will be made to secure the examination and proper notice of every article on exhibition, justice to *those who comply with the rules of the Society* requires that they shall, in all cases, first receive attention.

Articles or animals removed from the grounds before the close of the Exhibition (except by permission of the President) cannot receive a premium though awarded.

On Tuesday the grounds will be opened to the public, and continue open for *four days*. Single admission 25 cents. *Members' cards* \$1.

Articles and animals for exhibition can be entered on and after the first of September at the office of the Society in Harrisburg, until the first day of the Exhibition, when an office for entry will be opened upon the ground, where entries will be made only during that day.

Competition without the State.

The Pennsylvania State Agricultural Society makes the field of competition co-extensive with the United States, and cordially invites the citizens of other States to compete with us for our prizes.

Animals and articles entered for exhibition will have cards attached, with the No. as entered at the business office; and it is desired that exhibitors should, in all cases, obtain their cards of Number and Class, previous to placing their stock or articles on the grounds.

All persons who intend to exhibit Horses, Cattle, Sheep or Swine, or who intend to offer stock for *sale*, should notify the Secretary of such intention, on or before the 20th day of September, and leave with him a list and full description of such stock, in order that proper arrangements may be made for their accommodation.

Applicants for premiums are particularly requested to pay attention to the directions attached to the list of premiums for *fat cattle*, *fat sheep*, *butter* and *cheese*, &c., and the statements required from exhibitors of those articles must be lodged with the Secretary before the 25th of September.

Instructions for the Judges and for the Superintendents of the Different Departments.

The Judges are requested to report themselves to the President on their arrival, at the Business Office, at the Show Grounds; they are desired to meet at the Society's tent, on the grounds, at 4 o'clock, P. M., on Tuesday, 25th September, when the vacancies will

be filled; and on *Wednesday morning*, at 9 o'clock, at the same place, they will be furnished with the books of entries, when they will proceed to decide upon the merits of the different animals and articles submitted to them, reference being made to the numbers affixed to each.

The Judges on all animals will have regard to the symmetry, early maturity, size, and general qualities characteristic of the breeds which they judge. They will make due allowance for age, feeding, and other circumstances, on the character and condition of the animals.

They will not give encouragement for over-fed animals. They will not award premiums for Bulls, Cows, or Heifers, which appear to have been fattened for the butcher; the object being to have superior animals of this kind for breeding.

No person whatever will be allowed to interfere with the Judges during their adjudications.

No animal or article can take more than *one* premium. All productions placed in competition for premiums, *must be* the growth of *the competitors*.

When there is but one exhibitor, although he may show several animals in a class or sub-division of a class, only one premium will be awarded to one animal; that to be the first, or otherwise, as the merit of the animal or article may be adjudged. And a premium will not be awarded, when the animal or article is not worthy, though there be no competition. In any case the person to whom a pecuniary premium may have been awarded, may elect to accept a diploma instead thereof.

Superintendents.

It is expected that the Superintendents will take particular direction of all articles in their respective departments, and see that all such articles are arranged, as near as may be, in numerical order, for their easy approach and examination.

Plowing Match.

The Plowing Match will take place on Friday, the 28th, at 9 o'clock, A. M., in a field adjacent to the place of Exhibition.

Persons competing in the Plowing Match are requested to have their teams hitched, and ready to move off at the appointed hour.

The Address.

The Annual Address will be delivered at 1 o'clock, P. M., on Friday, the 28th of September; and immediately after the Address, the Reports of the Viewing Committees, or Judges, will be read, and the Premiums awarded and distributed.

Hay and Straw.

Hay and straw will be furnished gratis, for all animals entered for premiums; and grain will be pro-

vided at lowest cost price, for those who desire to purchase.

Payment of Premiums.

Cash premiums awarded will be paid by the Treasurer at the office of the Society in Harrisburg, during the whole of the week after the exhibition.

Persons to whom *cash* premiums have been awarded, are informed that unless they call for them at the place and time specified above, application must be made by letter, to the Treasurer, GEORGE H. BUCHER, at Hogestown, Cumberland county, with whom the Book of Awards will be left. Persons to whom medals and silver plate have been awarded will please furnish their names to the Recording Secretary, in order that the engraving of names may be properly done.

The Secretary will forward the Diplomas awarded, in such manner as may be directed by the persons entitled to receive them.

The Reports of the Judges will be published by the Society, as soon after the Fair as practicable.

Notice to Exhibitors.

The Executive Committee will take every precaution in their power for the safety of Stock and articles on exhibition, *after their arrival and arrangement upon the grounds*; but will not be responsible for any loss or damage that may occur. They desire exhibitors to give personal attention to their articles and animals, and at the close of the Fair to attend to their removal.

Mr. JOEL HINCKLEY, of Harrisburg, has been appointed General Superintendent of the Exhibition, to

whose care all articles intended for exhibition and not accompanied by the exhibitor may be directed.

Forms of Affidavits for Surveyor, Applicants and Assistant.
